

PUBLIC NOTICE

AERIAL VIEW OF HAATSO TRANSFER STATION

The Greater Accra Resilient and Integrated Development (GARID) Project aims at improving flood risk and solid waste management in the Odaw River Basin of the Greater Accra Region as well as improving access to basic infrastructure and services in the targeted communities within the Basin. The Ministry of Sanitation and Water Resources (MSWR) under Component 2 of the GARID Project intends to construct a waste transfer station on the premises of Ghana Atomic Energy Commission, Haatso to help achieve the objective of the Project.

The intervention will lead to the displacement of farmers, people living in kiosks/temporary structures, businesses and church worshippers among others (Map Attached). The GARID Project, therefore, wishes to announce to the general public that in accordance with the Land Act 2020, Act 1036;

1. A CUT-OFF DATE of 27th April, 2023 was established for consideration of impacted properties/structures during a general meeting of key stakeholders held at the proposed project site. After the agreed cut-off date, any structure or economic activity developed or continued will not be considered.
2. Census activities to identify households, persons, businesses, and properties likely to be impacted by this activity will be undertaken between Monday May 1, 2023 to Friday May 12, 2023. Persons or organizations likely to be impacted are therefore requested to make themselves or their representatives and assigns available for this exercise (Reference is made to the map).
3. Construction or approval of construction of new buildings or capital improvements in the affected area is prohibited.
4. The GARID Project through the Ga East Municipal Assembly will continue engagements to sensitize, clarify and inform project affected persons and community members of all steps and modalities to achieve a successful exercise.

Furthermore, the public is informed that **only persons and households whose properties are in the project footprint before this deadline are eligible for the census**. Therefore, households and individuals who move to the site after this deadline will not be considered.
